

## Friends of Westbrook Spring Fundraiser

Badger Ridge Greenhouse is a family run greenhouse approximately 10 minutes north east of Westbrook School.

They offer a wide variety of hanging baskets and planters as well, herbs, tomatoes and succulents.

They also produce a high quality soil amendment in the form of earthworm castings. Earthworm castings are a natural, odor free fertilizer that is wonderful for plants.

All proceeds of this sale will support your child through the initiatives of the Friends of Westbrook and the School Council.

They look forward to seeing you at Badger Ridge!

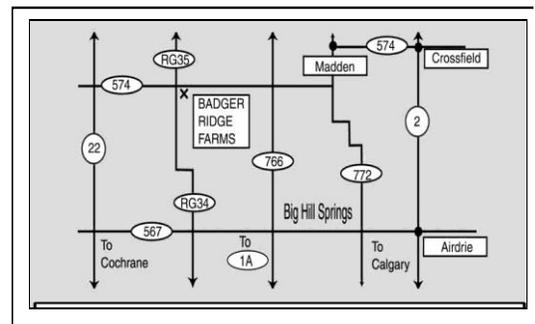

**BADGER RIDGE FARM**  
  
**GREENHOUSE**

Through this fundraiser, you will pre-buy your plants from your student representative and then come to the Greenhouse to make your selections.

**Orders must be returned to school NO LATER than Monday, May 10th.**

Please bring a photocopy or phone photo of your order form with you when you the pick up your plants – between **May 15 and June 6, 2021**. After June 6, selection may be limited.
